

THE Red Cathedral

Promo 1

Thieves and swindlers were also present during the construction of St. Basil's Cathedral. Instead of placing a Clergy card, place a random card from the Thieves' Guild.

THE THIEVES' GUILD

CONTRABAND

Pay 1 Ruble to receive resources for any 1 of the dice on the Market board without moving it. (This means you receive the resources for the space it is already in.)

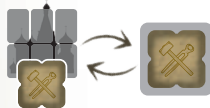

SWITCH

Exchange 1 Material from your Inventory for 1 from the Inventory of another player. The other player involved cannot refuse.

BRIBE

Hand over 3 Rubles to another player: Their score counter drops to the previous Prestige Point space and yours is increased to the next Prestige Point space.

FALSE PLANS

If you have any Workshop tiles assigned to your Workshops, you may exchange 1 of them for any other Workshop tile that is still in the Construction Site. The tile is not activated when this exchange is made.
